

Application Form

While there is a property on the market this may be sold before we can put the funds needed together in order to purchase that property. If we lose this one we can be ready in future for another property that comes into the market, by registering with Land and Leisure you are being invited to be contacted to purchase shares at investment of £6,000 as a full share, £3,000 as a half share and £1,500 as a quarter share.

We are aware some people can't afford £6,000 hence we offer a half or a quarter share. A half or quarter share would mean the investment value or dividends would still be pro-rata.

The advantage of becoming a full member will be the leisure side, full members will be offered places/tickets first when we hold events, e.g. talks, walks, Bar-B-Q's, Barn Dances etc. (Invite to include partner and children under 18 years of age). We then can get the capital required quickly to purchase a farm before others get in before us.

There are new rules relating the purchase of property, the purchaser now has to identify where they are getting the capital from. This is probably to check if one is investing or supporting illegal activities, therefore when we invite you to purchase a share you will also need to send a copy of your passport or driving licence, or two recent utility bills.

Name: _____

Address: _____

Email Address: _____

Number of shares required (_____) Full.

Number of shares required (_____) Half.

Number of shares required (_____) Quarter.

Please do not send in payment with this form.
